

ARKVOLT F8S

Home ESS / High - voltage 16kWh battery / 576V

Data Download

Product Advantage

Hithium offers an integrated three-phase solar-storage solution, supporting 6~15 kW inverter + 8~256 kWh battery configurable capacity.

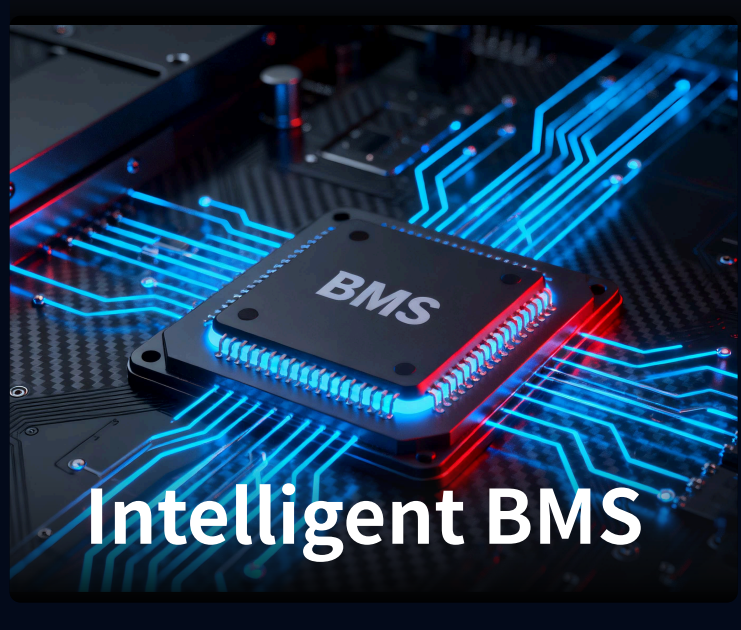

8kWh
Parallel up to 256kWh

8000

≥8000 cycles
Hithium self-developed battery cell

Intelligent BMS

IP65

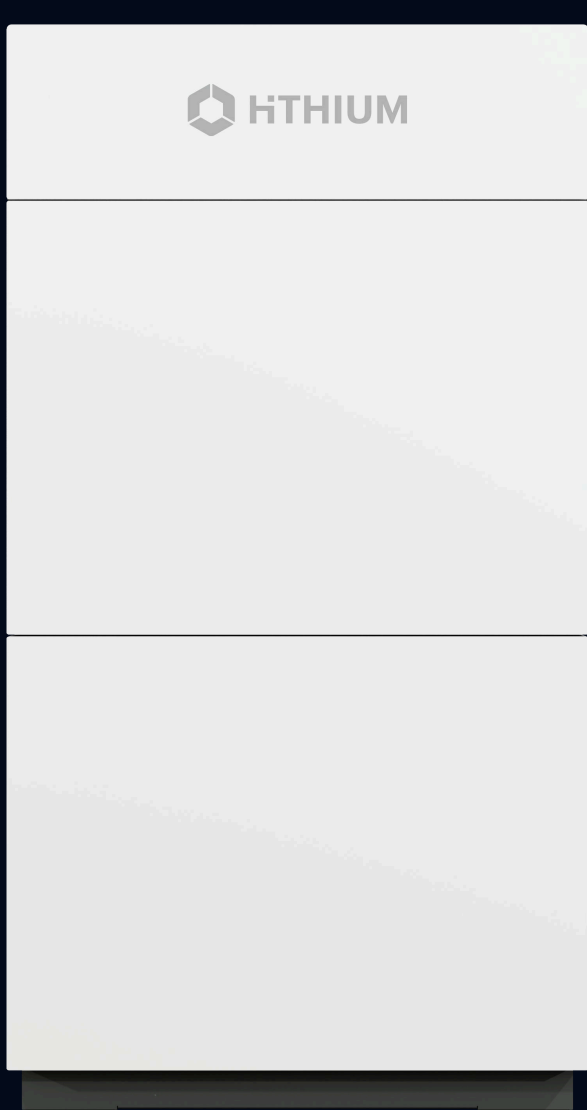

4kW
Rated output power

Charging
-20°C~55°C

Discharging
-20°C~55°C

Product Parameters

HSM-8K16HV-2M

- HSM-4K8HV-1M
- HSM-8K16HV-2M
- HSM-12K24HV-3M
- HSM-16K32HV-4M

Product Overview	
Battery Energy	16076.8Wh
Rated Voltage	576[VDC]
Charge/Discharge Voltage Range	481.6~657.0[VDC]
Maximum Charge/Discharge Current	12.5A/12.5A
Net Weight	176kg
Dimensions	L597*W263*H1124mm

Long Cycle Life LFP technology

Long cycle life LFP battery with grid-proven cells, ≥8000 cycle lifespan and low heat generation for superior safety and durability.

Flexible Capacity Expansion

Our product features an 8kWh per pack modular design, allowing for each cluster (stack) to have a capacity ranging from 8 - 32kWh. Moreover, you can parallel multiple units up to a total capacity of 256kWh, providing you with highly flexible and scalable energy storage solutions to meet various power needs.

Water immersion protection

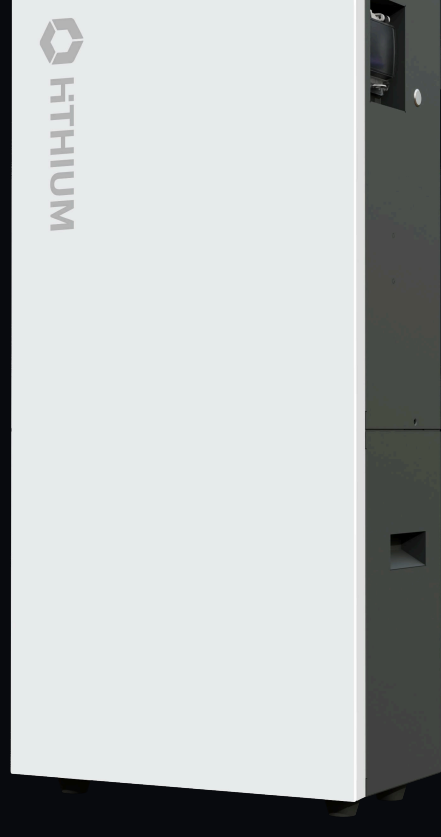

With IP65 protection, it has undergone a 40 - centimeter - deep water immersion test. It can easily handle extreme weather conditions such as heavy rain, snowmelt, and floods, demonstrating ultimate waterproof performance.

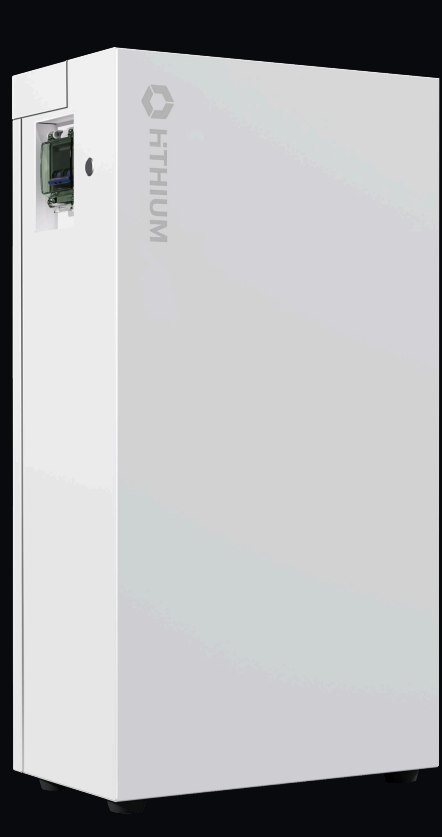

Operating Temperature Range: -20°C-55°C
